 (Place's Smokin Blue X Lehmslogs Katie)

July 21, 1995 - November 14, 2010

Sapphire was a fabulous companion, hunter, partner, teacher, co-pilot. Sapphire was almost 15 1/2 years young...ever the puppy. Always curious, she was the "town gossip" - had to know everything that was going on. She loved children and hunting best, she was great with puppies.

We spent lots of time training together. We tried many venues and in most Sapphire had a knack of making me look very good, picking up the slightest nuance wherever needed. Sapphire completed her Canadian Championship in two weekends of showing with a group placement. She had both her CKC and AKC Companion Dog titles in Obedience, she had her Agility Dog of Canada in AAC as well as her CKC AGN title that Denise McLean completed when I was not able to because of a knee injury when Sapphire was a spry 12 years old. I would also like to thank France Jackson for refresher training, we could not have done this without you both.

Denise was there at the beginning of my odyssey with Sapphire... she taught us Agility and Obedience. Sapphire was bright and keen to learn. One of my favorite moments in competition was when we trialed in Obedience, Judge Mr. Merlin Van de Kinder awarded us a High in Class at our favourite show LMDF...a large competitive class and Sapphire was flawless...we were in the zone.

Another special moment was with friends Laura, Denise and Heather, we competed successfully at "Drill Team" 2 years in a row at Lower Mainland Dog Fanciers big Fall shows. The first year traveling between Quesnel and Prince George, BC practicing in the

dark with car headlights and a boom box for music...we WON! The second a little more challenging - we had moved to Vancouver Island - with only a couple of practices in we still managed to place second!

Sapphire was a character - she was never one to fade into the background. All who knew her had a favourite "Sapphire" story.

We know that Sapphire is chasing butterflies and birds in the fields over Rainbow Bridge.

We miss you sweet Sapphire...

Maxine and Didier

make a donation to our trophy
fund. A complete list of donors
will be printed in our show
catalogue.**

Duncan x Soleil

Taking reservations now

De Lombardie and Bulkleys GPS's are proud to announce the repeat breeding of an exciting couple, Duncan and Soleil

A repeat breeding is planned at the beginning of fall 2011 with Can NSC MBISS Am/Can CH Bulkley Nectemere Nectimide SH NRD and Can CH De Fondcombe Soleil. This combination produced amazing puppies, including Calypso and Gia who at their first championship shows went respectively Best Puppy in Group and Best Puppy in Show under respected breeder-judges Virginia Nealon and Suzanne Dillin.

Gia
BPIS Int CH De Lombardie V Bulkley Alegria

Calypso
De Lombardie V Bulkley Sagamite

Duncan

Sire : Can NSC MBISS Can/Am CH Bulkley NecTemere NecTimide SH NRD

(BIS BISS CH Wyndbourne The Chances Are X BIS BISS CH Cheza's Stelor in Disguise)
CHIC #63708 - Hips Good, Heart Normal, CERF

Duncan is the perfect representation of classic GSP breed type and has proven himself at the highest levels of show competition, hunting competition, and as a top producer. In the show ring, Duncan's most famous wins were Best of Breed at Westminster Kennel Club in 2008, Best of Breed at the Canadian GSP National Specialty 2008 and Best of Breed - AKC Eukanuba National Championship 2008. In the field, Duncan has proven himself to be a versatile hunting dog as evidenced by an AKC Senior Hunter title. Duncan is not only an amazing dog, but he consistently passes on his great qualities and strong health record to his offspring. At the 2010 GSPCA National Specialty, Duncan's progeny won an unmatched total of 16 class placements including 4 class winners.

Soleil

Dam : Can CH De Fondcombe Soleil

(CH Orly Von Nelly Belle X CH De la Sagamité Heidi CD CGN ADC SGDC)
OFA Certified Hips Good, Heart Normal, CERF

Similar to Duncan, Soleil has proven herself both in the show ring and as an excellent hunting companion. In fact, as her name in French meaning sun, Soleil brights in the field. She also shares an incredibly strong Pedigree including Orly, Whisperfield, and Lieblinghaus in addition to classic Huntabird, Buck Hollow, and Stradivarius. Soleil is a beautiful, flashy bitch with good substance and a wonderful temperament.

Hello Fellow GSP Fanciers,

We are having a Winter **BLOWOUT SALE** of the beautiful 2010/2011 GSPCA Top 25 Calendars !

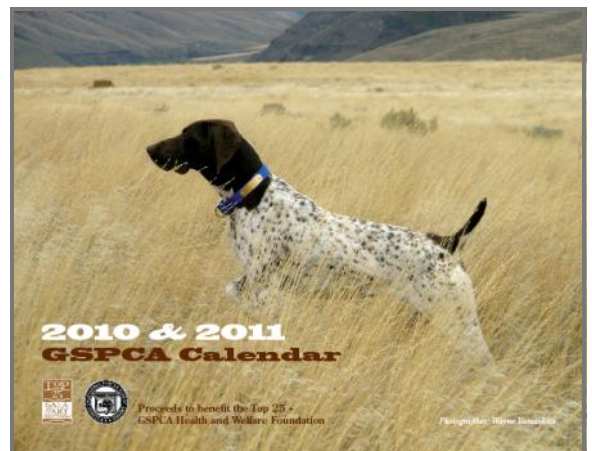

The Sale Price is \$9.00 + shipping !!

Calendars can be purchased through the GSPCA website: <http://www.gspca.org/Store/index.html>

This will be **your last chance** to have one of these **BEAUTIFUL Calendars** as we will not be producing another for a while.

We would like to **THANK ALL** who have participated by sharing their Fabulous photos and all those who have supported the Calendar over the last few years for our Fundraiser that benefited the GSPCA NSS Top 25 Competition as well as the GSPCA Health and Welfare Foundation !

Cheers, Maxine Moinier - GSPCA NSS Top 25 - Co-Chair - Calendar Lead

Meet some of the New Board Members

Maxine Moinier President

Maxine Moinier lives in Sidney on Vancouver Island, BC, where she breeds German Shorthaired Pointers under the HUNTERSPRIDE prefix together with her husband Didier. She competes in conformation, obedience, agility, rally, hunt tests & trials, and tracking. She believes in well-rounded dogs. She has successfully accomplished multiple BIS, multiple BISS and High Scores in several venues at home and the USA. Maxine enjoys training and working with her dogs, and has also titled several other breeds in show and field to many group placements and HIT. Maxine is studying to be a conformation and field dog test judge.

Maxine has been a member of the GSPCC for 15 years serving on the Board as Director – BC for the last 5 years.

Barbara Taws Treasurer

Barbara Taws grew up with dogs, but it wasn't until 1994 when she purchased her first GSP that she became hooked on this breed. Under the Sunup Kennel name, she enjoys showing, nurturing puppies, and shares her home with 5 shorthairs. When she's not doing "dog stuff" she's running a home based Group Insurance business with her daughter Ashley and son Doug.

Angel Wagner Director - Prairies

I have been involved in showing and trialing purebred dogs for over 20 years - German Shorthaired Pointers for the past 10. I actively participate in conformation, obedience, rally and most recently hunt tests. For me there are two reasons for showing and trialing the dogs. First and foremost these dogs are my passion, I love training and I love dog shows. As an added bonus showing and trialing allows me to demonstrate the dogs' temperaments, trainability, sound conformation and hunting ability.

I have been involved indirectly with GSPs since I was 6 years old.

My uncle, Arthur Shepperdson (Shepp's GSPs) acted as a mentor and cheerleader throughout my time as a junior handler in Quebec. In 1986 and 1987 I was the Provincial Jr. Handling Champion of Quebec. Both times showing Ch. Shepp's Hugga Mugga Max aka Huggy.

I took a break from dogs and the dog show world and focused on my career in insurance.

In 2003, I plunged head first back into the dog world when my husband Omar and I purchased Willow (Ch. Navigator Winning Colours FD) from Janice Whatmore.

Tammy Parris - Vice President

In late 2006 and early 2007 we welcomed our daughter Qiana and our first litter of Topthat puppies (thanks to Willow and Ace). From that litter we have 3 Canadian Champions, 1 FD, 1 FDJ, 1 American Ch, 2 BPISS and 1 BISS. 3 of the puppies also have their CHIC health clearances. Not bad for a first litter.

I have been a member of the GSPCC, the GSPCA and the GSP Field Club of Alberta since 2004 (if memory serves). I have been a Director for both clubs for the last few years.

I am about to relocate back to Ontario and will be working in Hamilton.

I am extremely excited about working with the new board and our membership.

Good luck to everyone in 2011 and I look forward to meeting the Eastern Canadian crew at the Canadian National in New Brunswick!

BREAKING NEWS FROM K9 ALLIANCE !!!

URGENT - Newfoundland (NL)

The NL Veterinary Medical Association (NLVMA) voted to ban their members from docking and dew claw removal at a meeting in November 2010. This agenda topic was not made public and passed without anyone knowing. The province made cropping a criminal offense in the 1970s. **We have learned recently that the NLVMA has requested that docking and dew claw removal be added to the new Animal Protection Act, making it a criminal offence to conduct these procedures.** We have also been informed that the Canadian Veterinary Medical Association (CVMA) Code of Practices for Canadian Kennel Operations will become part of the Animal Protection Act (APA) regulations. This Code was not designed as legislation and covers every conceivable dog related activity including vaccinations, line breeding, nutrition, and so on. Its attachment to the APA in New Brunswick has caused havoc for responsible breeders in that province.

*** Please go to <http://www.k9alliance.com/> for more information !!!

François Bernier became involved with Vizslas and later German Shorthaired Pointers in the early 1990's. Under the Bajnok kennel name, he has bred or exhibited a number of top dogs including two #1 Vizsla in Canada (1995) and 2000/2001), the #1 GSP (# 4 Sporting) GSP in Canada (2004) and the #2 Pointer (2009). Currently owns and exhibits GSPs and Pointers.

He actively served with all breed and national breed clubs in a variety of capacities, including the board of directors of the Canadian Kennel Club. Currently chairs the CKC Breed Standards Committee. In his "other" life, François is a senior executive at Elections Canada.

Francois Bernier
Director - Quebec

Lynn Kearley-Munro
Director - Maritimes

Lynn grew up in a family of four with various numbers of GSP's at any given time. She is a graduate of Waterloo, Dalhousie and St. Mary's universities and is a teacher of High School Mathematics at Sussex high School in New Brunswick. She lives in a rural area with her husband and one son. Her older son John is attending University.

While growing up she accompanied her father and brother to Dog Shows. She participated in Junior Handling as well as helping and showing dogs for others when they needed a hand. At home she was actively involved with the dogs i.e.: grooming, cleaning kennels, feeding, etc.

About 5 years ago the Bergstrom Kennel name was passed on to her from her father. She currently has 2 GSP's and when time permits works with them and shows them. John was actively involved in showing dogs for a number of years and still has his own GSP.

Maria Foster
Secretary

I was first introduced to shorthairs when Mike and I drove out west to spend our holidays camping in the Rockies with his two kids and had the pleasure of meeting his dogs "Lucky" and "Duchess". After spending several years going to shows and meeting GSP people on both sides of the border, we finally settled down in the country and in 1984 I was able to have my first shorthair. I became involved with the GSP Club of Ontario and Ontario All Pointing Breed Field Dog Club in various capacities; spent lots of fun running the field dog tests; was secretary for the Toronto Chapter of NAVHDA and became part of the group of GSP breeders and owners that formed the GSPCC. I am also currently, and have been for several years, CKC Pointing Breeds Rep. for Ontario Central. To try and keep the bills paid I work at a law firm in Toronto and share my house in Hamilton with my shorthair "Chase".

Published for Comments

The following Code of Ethics was approved by the previous Board of Directors.
We encourage all members to review it and provide their comments.

Code of Ethics

These guidelines have been established in accordance with the objectives of the German Shorthaired Pointer Club of Canada and are intended to protect and advance the German Shorthaired Pointer by maintaining high breed standards, responsible breeding practices and integrity in dealing with purchasers and responsible ownership of GSPs.

The Code's nature is not punitive, but rather a guideline that is informational.

OWNERSHIP

1. Member dogs must be maintained with their safety and good health in mind at all times, including adequate and appropriate attention and socialization, feeding, veterinary attention, housing, routine care, exercise and training.

BREEDING

1. Maintain high standards of canine health, including cleanliness of facilities, and veterinary care.
2. Breed only with the intention of maintaining the conformation and performance standards of the breed.
3. Breed only healthy, mature dogs and bitches of good temperament and qualities substantially conforming to the official standard of the GSP.
4. Breed only dogs or bitches that have been tested clear of hereditary diseases and defects such as Hip Dysplasia, Heart, Cone Disease (CD), CERF eyes, Thyroid, etc and check background for health issues such as Epilepsy for which there is no test yet.
5. Breed only dogs or bitches that do not have the following faults: Dish faced, China or wall eyes, flesh coloured nose, extreme overshot or undershot. A dog with coat that is tricoloured, red, orange, lemon, tan or a solid white dog.
6. Refuse stud service to any bitch which is obviously inferior in quality or temperament or not registered with the Canadian Kennel Club or the American Kennel Club or an established recognized Kennel Club registry.
7. It is recommended that dogs and puppies get positive exposure to other dogs, as breeders we must try to guide our puppy people to do so. (A sample copy of a puppy socialization chart will be posted on our next issue)
8. Do not breed any bitch more than twice in any two-year period or after the age of 8 years and limit litters to a maximum of 4.

SALES

1. Do not sell or consign puppies or adult dogs to pet shops, brokers, or other commercial dealers, nor offer them as raffle prizes or for auction.
2. Honestly evaluate the quality of each German Shorthaired Pointer sold, fairly representing field and/or show potential, its possible faults and make the buyer aware of the distinction between pet quality and show quality.
3. Do not release any puppies for sale before they are 7+ weeks of age.
4. Furnish the buyer with a pedigree, CKC registration papers, medical and immunization records, feeding schedule and general care instructions (and the puppy socialization chart).
5. Screen prospective buyers with a detailed application and a visit, if possible to assure that puppies will have the proper home and environment.
6. Encourage purchasers of pet quality puppies, or those not intended to be used for breeding, to spay / neuter the animal at the earliest age suggested by their veterinarian with a spay/neuter clause in the sale contract.
7. Sell on a Non-Breeding registration those going to pet homes or those not presently committed to putting a conformation and/or field title together with at least 1 working title.

SALES (cont'd)

8. Do not misrepresent in advertising, any dog or puppy for sale, or include misleading information regarding the background or potential of the animal.
9. Provide the purchaser with a written contract offering to refund the purchase price or replace any puppy within a given number of years found to have a disabling or life threatening genetic defect which prevents the dog from fulfilling its purpose.
10. Provide the purchaser with copies of health certifications of sire and dam. Disclose any health issues that potentially affect the dog or would impact the next generation in breeding that dog.
11. Assist in the placement of any dog sired by their stud dog whose breeder of record has refused to help in such placement of said dog.
12. Follow up on puppies after the sale to insure their continued care.
13. Encourage puppy buyers to participate in German Shorthaired Pointer activities such as field tests, obedience trials, field trials, tracking tests, agility and conformation shows, and recommend membership in the GSPCC or include one in your puppy package.
14. Be willing to take back dogs of your breeding at any stage of their lives.

Letters to the Editor

I would like to express my congratulations to the newly elected members of the board. It is often a frustrating and thankless task that sometimes comes with criticism, either justified or not. But without you, we would have no club, your sense of accomplishment for what you are able to achieve is probably your best source of pleasure. Apparently the nominating committee did a great job of selecting a slate and the membership obviously agreed as there were no other nominations put forward.

There are a couple of items I would like to see discussed and possibly changed. The constitution has had very few changes made since the inception of our club, this is possibly due to the short term of office. The main continuity in the organization has been due to held-over board members and quite possibly some past suggestions have been lost in the shuffle.

1. The length of term for elected board members. At present, the board is barely getting organized by May and in September you would be already putting together a nominating committee for the next election. I'd like to suggest extending the term to at least two years. This would allow for more discussion and approval of new or amended items by the membership.
2. Voting privileges should be extended to members who have been members for at least a calendar year prior to an election.

Once again, my thanks to the new board for what you are about to do for the club, and the nominating committee for having put together our new slate of officers.

Mike Foster - Aspenglow/Denali (denali@execulink.com)
