Ontario Fun Day

We were wondering if the weather would hold for our annual get together at Barbara Taws' and we are happy to say that it was great, the clouds held off, the sun came out to play and we had a blast. And so did the poopies !! Lots of them, Barb had two little fellas, and Nancibeth brought a few more, including one that was solid in colour but a little faded, not your everyday liver colour ... if you know what I mean ... and the tail, gosh, that tail was way longer than what we are used to !!! (see for yourself in pictures below.) Then the Nuthatch gang arrived !!! We had young poopies, older poopies, adults that wanted to be poopies and yes, a few people too.

Barb's place is great for our fun day, as it is totally fenced and we don't have to worry about anyone getting out. Her son Doug showed himself off at the BBQ and her daughter Ashley proved to be an excellent hostess.

For all those members who missed the fun, we'll try for another get together in the fall.

The Bathtub Test

During a visit to the seniors home, I asked the director "how do you determine whether or not a patient should be institutionalized?"

"Well," said the director, "we fill up a bathtub, then we offer a teaspoon, a teacup, and a bucket to the patient and ask him or her to empty the bathtub."

"Oh, I understand," I said. "A normal person would use the bucket because it's bigger than the spoon or the teacup."

"No," said the director, "A normal person would pull the plug out. Do you want a bed near the window?"

ARE YOU GOING TO PASS THIS ON...OR DO YOU WANT THE BED NEXT TO MINE....?!
